3-day Champagne Tour

Moussy, France 10th to 12th June 2019

A Fizzical Experience

Join us on our new Champagne tour near Epernay to learn all you wanted to know about Champagne but did not know where to ask.

You'll visit grower producers like Champagne Francis Orban in the Vallée de la Marne in Leuvrigny and Didier Pierson at the Premier Cru House of Champagne Frerejean Frères in Avize.

You will all be familiar with the Grande Marque Champagne producer, Veuve Clicquot whom we will be visiting in Reims where we will take the opportunity of visiting Reims Cathedral.

Naturally you will have the opportunity of tasting a number of different Champagnes and a Champagne tour such as this would be incomplete without healthy helpings of French gastronomy!
