

3-day Champagne Tour

Moussy, France 10th to 12th June 2019

A Fizzical Experience

Join us on our new Champagne tour near Epernay to learn all you wanted to know about Champagne, but did not know where to ask.

You'll visit grower producers like Champagne Francis Orban in the Vallée de la Margne in Levrigny and Didier Pierson at the Premier Cru House of Champagne Frerejean Frères in Aise.

You will all be familiar with the Grand Marque Champagne producer, Veuve Cliquot whom we will be visiting in Reims where we will take the opportunity of visiting Reims Cathedral.

Naturally you will have the opportunity of tasting a number of different champagnes and a Champagne tour such as this would be incomplete without healthy helpings of French gastronomy!

You'll be having tours of many of them, but also driving past household names such as Perrier Jouert and Moet et Chandon.

Epernay

As well as being famed for its white balloon, Epernay is home to many of these famous Champagne Houses. After Epernay we will visit Champagne Bauchet for a vineyard visit plus winery and cellar tour.

Champagne Bauchet at lunch

After the visit we will be having some of their Champagne with our gastronomic lunch.

Travelling in comfort

You need to get yourself under your own steam to the Auberge Champenoise in Moussy, our starting point. From there for the duration of the tour, all travel will be by air-conditioned minivan.
