

2-day Douro Valley Wine-Tour

Starts 9th Sept at Vila Nova de Gaia ends 11th Sept in Tua

A wine experience that money alone cannot buy

The highlight of our two-day Douro Valley tour is something that cannot be bought on the open market and is the result of our strong friendship with wine producer Victor Marques. Year after year, he has welcomed our tour members to an authentic day in the lives of a wine family and their friends. Our previous guests never forget this day and talk to us about it for years afterwards.

Tasting Port after a tour of Taylor's Port Lodge

An exciting first day too

Most of you will be arriving to Portugal in Porto, so we start off with a tour of Taylor's Port Lodge, followed by a tasting of different styles of Port. We then drive to Tua, taking a detour through Vinho Verde country. There we visit our winery friends at Vinos Norte winery, taste their wines and have a delightful lunch at a charming rustic restaurant.

Tasting grape juice that has not yet been fully fermented at Vinhos Norte, a Vinho Verde Winery

View from our hotel at Tua

Look out from the hotel at Tua and this is what you will see. If you have been suffering a stressful time from the hustle and bustle of modern life, this is where the tranquil waters will relax your mind,

BBQ in the vineyards

During our day with Victor, we see some of the vineyards and subject to weather, some harvesting going on. Victor has regularly invited us to a most magnificent BBQ with his family and friends at a lodge he built at the side of the vineyards.

An authentic experience

After lunch and a walk in the vineyards, we generally visit various members of Victor's family. There is a never-ending supply of occasions to clink glasses and share good humour.
